

BENEFITS

-  Increased resistance to 4G and 5G interferences
-  VAR and PA (Public Announcement) compatible
-  HD broadcast audio quality with a patented noise filter
-  Optimised built-in recorder to guarantee recording quality
-  Unlimited number of users
-  Plug & Play system, easy to deploy
-  Compatible with VOKKERO ELITE

VOKKERO ELITE PLUS is the new generation of VOGO's flagship refereeing communication system that guarantees optimum resistance to radio interferences. For years, VOKKERO ELITE has been the most widely used communication system in professional refereeing.

The ELITE PLUS system maximises and secures referee communication by reducing the impact of 4G/5G networks installed near or inside stadiums,

while offering the VOKKERO DNA: reliability, simplicity, ergonomics and ease of deployment.

VOKKERO ELITE PLUS, recognisable by its larger screen, replaces VOKKERO ELITE. The two terminals are fully compatible and can be used together.

TECHNICAL FEATURES

AUDIO	HD broadcast audio
RANGE	Up to 1200 m
FREQUENCIES	Royalty-free
WEIGHT	130 g (battery included)
DIMENSIONS	57 x 96 x 23 mm
COMPATIBILITY	Compatible with a VAR solution
